

Inclusive Leadership Symposium

This initial virtual symposium will bring together several types of school administrators to discuss current topics and successful practices occurring within our region.

Kevin Miller from BASA will provide legislative updates in a general session to all attendees.

This meeting will host three 30-minute breakout sessions divided into two groups (elementary and secondary) for each session. These sessions will consist of standards-based grading (with Conotton Valley sharing their practices), assessments and other data during this non-standardized time, and school closure and reset/restart practices.

Intended Participants: Education Administrators including principals, special education directors, curriculum directors, and internal facilitators

Registration: www.sstregion12.org
