

SST Region 12 Transition Network

60788 Southgate Rd. Suite 201
Byesville, OH 43723

It takes a village to prepare our students with disabilities. The purpose of this network is to discuss ways various entities can work together to improve outcomes for students as they transition from school into adulthood.

This time will be spent discussing needs of professional learning and collaborating around what has worked in areas of the region. We will also provide updates from the Ohio Department of Education and Opportunities for Ohioans with Disabilities. Participants will investigate evidence-based practices in the area of secondary transition.

Intervention Specialists, Special Education Directors, Building Administrators, Employment Navigators, and anyone serving students age 14 or older will learn to utilize data to determine professional learning needs, investigate evidence-based strategies around secondary transition, and create useful materials for districts.

Location: SST 12 PL Center

Date: October 16, 2019
